FICHA DE ENCOMENDA DE PORTÕES DE CORRER

Colocar dimensões

The diagram illustrates a sliding door system. It features two vertical pillars on the left and right sides, each with a brick-like pattern. Between the pillars is a horizontal track containing two sets of vertical bars, representing the door panels. A vertical dimension line on the left side, labeled 'A - Altura ao chão =', indicates the height from the ground to the top of the door panels. A horizontal dimension line at the bottom, labeled 'B - Largura entre pilares =', indicates the width between the pillars. Both dimension lines are marked with arrows and the unit 'mm'.
